

PARKER

ENGINEERING AND MECHANICAL, INC.

Position: Copper Driver/Copper Installer

Parker Engineering and Mechanical, Inc. is a leading multi-family and light commercial HVAC installation company in the northeast Atlanta area. We are seeking self-motivated and dedicated individuals to deliver materials and work in the field to pull copper and install and insulate line sets with Armaflex.

This job requires some day trips as well as some overnight travel within the southeastern region of the US.

We offer competitive wages and comprehensive benefits.

Requirements

- Must be able to pass a pre-employment background check and drug screen.
- Valid driver's license with clear MVR (motor vehicle report/driving history report).
- Good communication skills. Bilingual (English/Spanish) preferred.
- Must be able to climb stairs and go up and down ladders throughout the day.
- Must be able to crawl and lift 50-100 lbs.
